

fool

is it all a joke?
is it all lies?
listening to you
i'm listening to you

do you see me laughing?
think i'm having fun?
listening to you
i'm listening to you

ever say something?
ever speak?
ever say something?
cause i'm a fool

listening to you
i'm listening to you
i'm listening

fool

deceased
what is the limit of your good taste
i will remember just to forget
want a surprise?
want to be safe?

your common sense is like a jail
your common sense is like a jail
no one at the blue, ready to go
out of the blue, ready to go

make up the next step
show me your last, i'll show you mine
what do you need to be disgraced
i'll be your boy and your disgrace

you wanna play?
your better tell me where is the end
up to the next step
make up your mind

show me your last, i'll show you mine
your time is up, wave me goodbye
now is your turn, there's no way out
find someone else

get out of here
next time you show me where is my place
go to the next step
make up your mind

give me your last, i'll give you mine
up to the next step

dudes

stay at home
save all your money
tell all your friends
your gonna leave me now

chat me up
buy me a drink
but all my friends
have much you love me

drive me crazy, why should i care
drive me crazy, why should i care
stop all the fun
pull out a lace

tell me now
you're looking for trouble
smile again
but so cute

we're back to party
drive me crazy, what do i care
drive me crazy, why should i care
stay at home

save all your money
tell all your friends
your gonna leave me now
stop all the fun

pull out a lace
you're looking for trouble
drive me crazy, what do i care
drive me crazy, why should i care

stay at home
& drive me crazy
save all your money
& drive me crazy

chat me up
buy me a drink
& drive me crazy
& drive me crazy

stop all the fun
& drive me crazy
pull out a lace
& drive me crazy

smile again
& drive me crazy
look so cute
& drive me crazy

one day

what can we less?
we know the score
we never talk
not anymore

one day we may
we don't have words
you killed them all
we'll have to growl

and stop the show
one day we may
what can we less?
we know the score

we never talk
we don't have words
you killed them all
we'll have to growl

and stop the show
one day we may
what can we less?
we know the score

we never talk
we don't have words
you killed them all
we'll have to growl

and stop the show
one day we may
what can we less?
we know the score

we never talk
we don't have words
you killed them all
we'll have to growl

and stop the show
one day we may
what can we less?
we know the score

we never talk
we don't have words
you killed them all
we'll have to growl

and stop the show
one day we may
what can we less?
we know the score

we never talk
we don't have words
you killed them all
we'll have to growl

for a day i took over your space
for a day i gave up but just once
for a day you were mine
